EAST LAS VEGAS, NEW MEXICO, WEDNESDAY, MAY 5, 1909

AFTERNOON EDITION

## CONFERENCE ADJOURNS TODAY

STRONG RESOLUTIONS DRAWN UP  
AT PEACE CONGRESS IN  
CHICAGO.

DECLARE WAR OUT OF DATE

PREVAILING RIVALRY IN ARMA-  
MENTS SHOULD BE ARREST-  
ED BY AGREEMENT.

SOCIALIST CAUSES TROUBLE

WANTS PARTY FORMALLY REC-  
OGNIZED AS GREATEST PEACE  
FORCE ON EARTH.

Chicago, May 5.—The deliberations of the peace congress were rudely disturbed today, when A. M. Simons, a socialist editor, attempted to secure formal recognition of the socialists as "the greatest peace force in the world."

Simons after four hundred words in outline of the beliefs and accomplishments of socialism, urged the adoption of his resolutions. Secretary Melendy believed that a less radical platform might be made up, but after Judge E. O. Brown of the resolutions committee, had suggested that the countries of Europe would not take to a factional view the original resolutions prepared by the committee, were adopted by a standing vote of two to one.

"Compulsory peace is the incubator of war; preparation for war is the menace to peace; broken peace treaties are peace breakers," said Alfred H. Love, of Philadelphia, president of the Universal Peace union in the last day's session of the peace congress today.

Love said it was a lamentable age in history that nations build gigantic destructive dreadnaughts, causing other nations to imitate this cowardly action, and at the same time say on it's coins "In God we trust." An exchange of greetings between the diplomatic representatives of various nations and a business meeting to discuss practical results constituted the day's work.

The following is a summary of the resolutions adopted by the National Peace congress before adjournment today: "Public war is out of date and a barbarism unworthy of our time and ought by the agreement of nations be made in the future impossible.

"No dispute between nations, except as may involve national life and independence should be reserved from arbitration and a general treaty for obligatory arbitration should be made at the earliest time. Pending such a treaty, we urge upon our government the making of treaties containing a provision for the referring of all disputes to the Hague tribunal. The prevailing rivalry in armaments ought to be arrested by an agreement of the powers without delay."

## PATHFINDER PARTY AT LOS ALAMOS TONIGHT

The Pathfinder, speeding on its way from Denver to Mexico, and seeking a route for an automobile tour from Denver to the City of Mexico, which will be taken late this summer by a large number of fast machines, is nearing Los Alamos. The party will spend the night as the guests of J. D. Hand at his beautiful ranch home.

J. D. Hand and party went to Trinidad in his machine, where he met the Pathfinder, and is accompanying it to his home. The Denver party will arrive in Las Vegas early tomorrow morning, and will probably spend several hours here.

J. H. McDuffy, formerly a resident of Las Vegas, is driving the famous Chalmers-Detroit 30 Pathfinder, ac-

companied by three other well-known motorists.

The big party which comes through this summer over the same route will have probably from fifty to sixty machines, and will spend the night in Las Vegas on their way to the capital of the southern republic.

A. J. Ortiz, consul of Mexico, with headquarters at Denver, stopped off in this city yesterday afternoon on his way from the Mexican capital to his consulate. He states that great interest is being taken in the tour in all the cities along the proposed route in Mexico, and in the capital itself, and that the Pathfinder will be given a great reception. He says that already arrangements are being made to receive the touring party which intends to take a sightseeing trip through the republic late this summer and that they will meet with receptions all along the line.

Anniversary of Republic.  
El Paso, Tex., May 5.—Today is the anniversary of the re-establishment of the Mexican republic after the overthrow of Maximilian, and was observed as a holiday throughout the republic. Business was partially suspended and patriotic exercises were heard in many cities and towns.

Prominent Elk Kills Himself.  
Toledo, O., May 5.—Delirious from illness, Captain William Cook, a prominent Elk, noted drill master and captain of the Cherry Pickers famous Elks' drill squad, leaped from a fourth story window today and was killed.

## MILLIONS OF ORANGES HAULED OVER SANTA FE

In round figures 4,000 cars of oranges were shipped through this city during the past month over the Santa Fe for the east, is the largest number of cars of fruit ever taken out of Southern California in the history of the industry, over any one road, says the San Bernardino Sun. Without last night's shipments, a total of 3,584 cars were shipped, and with last night's business, which is included in the month, the entire total will run over the 4,000 mark.

With 384 boxes of oranges to each car, it makes a total of 1,536,000 boxes, and with approximately 175 oranges to the box, it means that 268,800,000 oranges were delivered in the eastern markets during one month.

This exceeds March shipments by 1,300 cars, and far surpasses any other single month in the history of the road.

The value of this enormous amount of fruit will run well up toward \$4,000,000.

Will Confer on Sanatorium.  
Dr. Geo. G. McConnell, medical examiner in chief of the Knights of Pythias, will reach here from Chicago, Thursday afternoon. He comes to confer with the board of directors of the National Pythian Sanatorium on the early beginning of the erection of buildings. A smoker will be held at Commercial club rooms Thursday evening for club members and invited guests.

Planning Big Scheme.  
Territorial Engineer Vernon L. Sullivan has granted the application of E. H. Fischer of Cimarron, for thirty second feet out of the Namber river, 20 miles north of Santa Fe, for a quarter million dollar power plant, which is to develop 3,000 horse-power for use in Santa Fe, Espanola, Albuquerque and this city by a high tension transmission line.

Lived on Rabbits.  
Nicholas Moore of McKinley county, aged 70 years, has been committed by Judge Ira A. Abbott at Albuquerque to the territorial insane asylum in this city. Moore has been living on the Navajo reservation, north of Gallup, subsisting entirely on rabbits and a cup of water a day.

Dr. Gowan Honored.  
Dr. B. S. Gowan, president of the New Mexico normal university of this city, has been honored by being chosen by the school board of Santa Fe to deliver the annual commencement address of the high school on Friday night, May 28th.

## RESUMES HIS ATTACK ON TARIFF SIX NATIVES SLAIN IN FIGHT

SENATOR DOLLIVER AGAIN GOES  
AFTER CERTAIN TARIFF  
SCHEDULES.

TAKES FLINGS AT ALDRICH

SAYS MEMBER FROM RHODE  
ISLAND SNEERED AT HIM  
FOR TAKING ADVICE.

ADJOURNMENT STILL FAR OFF

PRESIDENT TAFT BELIEVES CON-  
GRESS WILL BE IN SESSION  
TILL JULY FIRST.

Washington, May 5.—Senator Dolliver again took up his attack on the tariff schedules today, with fifty-six senators in their seats. Aldrich was not present at the beginning of the address.

"My friend, the senator from Rhode Island, seemed to get a good deal of comfort sneering at me yesterday, because I sought the advice of persons qualified to speak on the wool schedules," he said "such a thing is not only uncalled for, but little short of ridiculous, when a senator sits there and reads from pamphlets prepared by experts. I submit that he is in no position to criticize, when I get advice from wise men to prepare myself to address the people of the United States."

Recalling what Aldrich said yesterday, that it would be shown that no changes increasing the cotton rates, had been made, Dolliver said if it was a correct statement, he would expect the italics carrying the senate amendments stricken out. The fact was, he said, the rates are increased.

No Early Adjournment.  
Taft has come to the conclusion after a talk with members of the house and with senators in the last two days that there is little hope for an adjournment of congress before June 15 or July 1.

## ROOSEVELT PROCLAIMED CHAMPION LION KILLER

Nairobi, East Africa, May 5.—Roosevelt went hunting again yesterday and bagged two more lions before the hunt was over with. He is now the champion of the protectorate, having killed five lions and one lioness in a week.

Captured Horse Thieves.  
Deputy Sheriff Enrique Serna returned to this city last evening, having in custody Perfecto Salas and Sotero Presco, wanted for stealing a team of horses. Both men are now in jail awaiting a preliminary hearing. They took two horses in San Miguel county near the border of Guadalupe, not far from Anton Chico, last week, but the officer apprehended them near Rociada, and at the same time got possession of the team.

Senate Will Not Interfere.  
Special to The Optic.  
Washington, D. C., May 5.—President Taft, in reply to a query from Representative Smith, today said that he would be glad to accept an invitation to visit El Paso.  
Senator Beveridge has introduced in the senate a joint resolution which disapproves of the law. The resolution is meeting opposition in the senate. The senators are opposed to interfering with the acts of the territorial legislature.

able one and it was after midnight before the lights were turned out. The Royal Highlanders now has a membership of 58 and it is expected that it will number a hundred inside of thirty days. A committee is now working on public entertainment to be given in the near future.

Six Balloon Entries.  
New York, May 5.—The Aero Club of America has announced entries of six balloons in the First National Championship cup competition to be held June 5, at Indianapolis. Each pilot will receive a silver commemorative medal and the aids will get a bronze medal.

Trouble Brewing.  
Beirut, May 5.—The situation at Saudia and Douryal is again critical and trouble is brewing. Further anti-Christian outbreaks are feared. Five hundred Turkish troops have been dispatched to these points.

Wheat Reaches High Notch.  
Chicago, May 5.—May wheat advanced to \$1.29 1/2, a new high record in price, shortly after the opening of business on the board of trade today. July rose to \$1.17, an increase of one cent.

Files Final Report.  
Attorney W. G. Haydon, administrator of the estate of the late A. J. Olson, has filed a final report and decree of settlement with the probate court.

## CHANGES TO BE MADE IN FORESTRY SERVICE

The long contemplated change in the supervision of the Carson, Pecos and Jemez national forests has taken place. Beginning July 1 each of the national forests mentioned will be under separate supervision. Ross McMillan, who has been supervisor over all three forests with headquarters at Santa Fe, has been selected as supervisor of the Carson forest with headquarters at Antonio, Colo. The other two supervisors have not yet been definitely decided upon, however it is understood that Thomas R. Stewart, who has been deputy supervisor under McMillan, will be made supervisor of the Pecos national forest, with headquarters at Santa Fe, and that W. H. B. Kent, who is at present supervisor of the Garcia national forest in Arizona, with headquarters at Nogales, will be made supervisor of the Jemez national forest with headquarters at Santa Fe. There may be a number of other changes made later, but so far no official announcement has been made.

## Will Move Herd to New Mexico.

Buffalo Jones has decided to move his herd of 85 buffalo and one thousand Persian sheep from Garden City, Kansas, to the Ramon Vigil grant and Jemez forest reserve, twenty miles west of Santa Fe, to form one of the attractions of the Pariaito cliff dwelling park and under the proclamation by President Roosevelt before he went out of office, permitting Jones to place the animals on a forest reserve.

## FAST BALL GAME TO BE PLAYED SUNDAY

There will be a great game at the high school grounds Sunday at 2 p. m. between the undefeated and well known New Mexicans and the E. Romero team. The general public is invited. The New Mexicans will also give a dance the night before at Mackel's opera house which will be well attended. The line-up of the two teams which play Sunday is as follows:

New Mexicans Position. E. Romero's  
Larrazolo ..... shortstop ..... Ellsworth  
Delgado ..... catcher ..... Wolff  
Borrego ..... pitcher ..... Shupp  
Rorbal ..... first base ..... Simpkins  
Angel ..... second base ..... Papen  
Lacero ..... third base ..... Witten  
Baca ..... left field ..... Mansimer  
Sisneros ..... center field ..... Booth  
Frank ..... right field ..... Guerin  
Legg and Guerin will act as substitutes for the E. Romero's and E. W. Ellfeld will play backstop.

## BABY FOUND DEAD IN HILLS

THREE-YEAR-OLD CHILD PER-  
ISHES IN MOUNTAINS NEAR  
MINERAL HILL.

DEATH CAUSED BY EXPOSURE

LITTLE FELLOW STRAYS AWAY  
FROM HIS BROTHERS WHILE  
THEY HERD SHEEP.

WILD ANIMALS FOLLOW HIM

FRIGHTENED BY LYNX IN HIS  
PATH HE HIDES BETWEEN  
TWO LOGS AND DIES.

Andeleio, the little three-year-old child of the widow of Benito Crespine of Mineral Hill, while with his brothers herding goats, was last seen alive about 3 p. m. last Saturday, May 1st.

The children are not quite sure about the exact hour that they last saw their little brother, at any rate, by the time that they had taken their goats home and given the alarm, it was impossible to find the little barefoot tracks, even in the moonlight.

All through the bitter cold night seven men, warmly clad, shivered and shook while they searched for the tiny barefoot tot who had on no underwear, only a thin cotton shirt and knee pants.

About 8 a. m. next day R. A. Shearer found his barefoot tracks near the bank of Canyon Hondo creek, probably a mile from where he had last been seen the day before.

Straight up the canyon the little fellow went, sometimes near—almost dangerously near the water's edge; but it was always the water that turned and never his path. His course was straight—straight as an arrow and the distance between the tiny tracks never varied the slightest degree. For three whole miles he walked and it must have been intense agony that marked the automatic, measured beat of those tiny bare feet through thickest brush and thorns and the sharpest rocks and ledges. How he ever did it will always be a mystery.

To add to the horror, his path had crossed a place where only a short time before, a lion had killed and partly eaten a deer. The men who had come from all directions in increasing numbers, shook their heads when they saw the padded foot prints of animals that had followed and shadowed the unprotected child.

At the end of three miles, above the Shoo Fly Copper Mining company's property, the little tracks stopped abruptly and about ten feet from them were the marks of either a lynx or a huge bob-cat, that had confronted him. It was then that he turned and ran up the side of the canyon and crawled between two logs that lay under a tangled mass of dead underbrush.

Jesus Trujillo was the first to find the body of the child where he had crawled to hide from the gloating eyes until death from fatigue and exposure came to relieve him; and strange as it is, although animals had circled all around, not one had molested him.

## Licenses Issued.

General hunting licenses have been issued to Norman Lewis, Charles A. Lewis, Charles A. Wolf, J. J. Laubach, E. L. Cutler, William Lewis, Charley Porter, E. E. Gehring, T. S. Francisco, Saul Rosenthal, Bert L. Corey, Les Crites, Wayland Kogler, Walter Marcotte, Bira Licuades and Clare V. Koogler and bird licenses to Jose Montoya and Thomas A. Koen.
